HEARTLAND RULER RACK (\$25 + P&H)

Made from kiln dried Victorian Ash hardwood, it is 20% heavier than Radiata Pine, thus providing stability when your holder is well populated by your favourite rulers and templates.

Designed with 11 wide slots which facilitate ease of ruler/template placement, the holder is longer than 24 inches, so if placed centrally in the slot, the ruler's corners will be protected from accidental damage.

The Rack measures 140mm wide x 35mm thick x 630mm long and weighs 1.9kg

HEARTLAND ROTARY CUTTER RACK (\$35 + P&H)

This rack is designed to store most rotary cutters ranging in size from 18 to 60mm diameter.

Unique features are that the cutter hanging pegs are hand polished brass for easy removal plus there is ample provision at the front for spare blades housed in their protective containers.

For a limited time we have a range of this product which has been made from 95 year old re-cycled Baltic pine. The Cutter Rack measures 325mm wide x 249mm high x 140mm deep and weighs 1kg.

HEARTLAND SCISSORS BLOCK (\$65 + P&H)

Our specially designed Scissor Block keeps all your precious scissors together in one easily accessible location. Designed to hold a range of scissors from shears to embroidery scissors; even your favourite pair of pinking shears.

Features include - Conveniently angled for ease of access, easy placement and withdrawal of each pair of scissors. Scissor blades nestle easily into the purpose designed slots.

The footprint of this piece measures 250mm deep x 110mm wide x 190mm high and weighs 1.2kg.

HEARTLAND THREAD REEL HOLDER (\$20 + P&H)

Made from recycled River Red Gum with a hand polished brass shaft. The unique feature of this piece is its ability to simultaneously house 2 large reels of thread. As Red Gum is approximately 20% heavier than Pine it resists annoying movement when drawing the thread from the reels. There are two fine slots in the end plates to retain the cut ends of each reel of thread. As with all of our products, the Reel Holder is sealed, hand sanded, then top coated twice with pre-catalysed satin finish clear lacquer.

The overall dimensions of the item is 57mm wide x 185mm long x 75mm high and weighs 125g.

HEARTLAND COMBINATION BLACKBOARD/CORKBOARD (\$125 + P&H)

The combination Blackboard/Corkboard is the same specifications as those of the single items except that the useable area of each board measures 370mm wide x 430mm high. Each item has 4 triangular suspension loops screwed to the top and bottom rails. The overall dimensions of the item are 610mm high x 875mm wide x 64mm thick, allowing for the lower shelf. Custom sizes made to order. The total weight is 4.5kg.

For your convenience, we can supply a Starter Pack which includes 12 white and 12 coloured chalk sticks, a blackboard eraser and a pack of 50 corkboard pins for an extra \$9. Please specify, if required.

HEARTLAND CORKBOARD (\$75 + P&H)

The Corkboard panel is made from 6.3mm thick cork and bonded to 3mm ply or medium density fibreboard (MDF). The useable area of the board measures 430mm wide x 575mm high. Each item has 4 triangular suspension loops screwed to the top and bottom rails. The overall dimensions of the item are 710mm high x 515mm wide x 64mm thick, allowing for the lower shelf. Custom sizes made to order. The total weight is 2.15kg.

For your convenience, we can supply a Starter Pack of 50 corkboard pins for an extra \$3. Please specify, if required.

HEARTLAND BLACKBOARD (\$75 + P&H)

The Blackboard panel is made from 6mm thick high density fibreboard and coated with premium quality Blackboard Paint. The useable area of the board measures 430mm wide x 575mm high. Each item has 4 triangular suspension loops screwed to the top and bottom rails. The overall dimensions of the item are 710mm high x 515mm wide x 64mm thick, allowing for the lower shelf. Custom sizes made to order. The total weight is 3.1kg.

For your convenience we can supply a Starter Pack which includes 12 white and 12 coloured chalk sticks and a blackboard eraser for an extra \$6. Please specify, if required.

Currently, each frame is made from Victorian Ash, stained in a dark Jarrah colour and clear coated. There are a number of these items available. When sold out, given sufficient customer interest, we will produce the frames from solid timbers as shown and finished in clear coat.
